

STEM Academy

July 8th - July 27th

Free to all students!

Explore your path in the sciences, collaborate with peers, and make lifelong connections within 3 weeks!

Get hands-on experience

This hands-on experience will help you be more confident in your courses and build the right study habits.

Earn 3 college credits

You'll earn 3-units that will count towards your degree or transfer to another school.

Spend time in the lab

Explore the subjects you'll find in your first year such as, biology, chemistry, and/or exercise science. This is also a great opportunity to work with your future professors.

Attend seminars and excursions

Learn about STEM coursework, research, and careers. There are also free trips to have some fun outside the classroom!

Experience living on campus

On-campus housing and meals are included for all students. Meet your fellow STEM students and get to know life on campus.

Can I participate?

Are you interested in pursuing a STEM degree at Cal Lutheran, attending a community college next year or still a high school student?

Are you an underrepresented student including but not limited to race/ethnicity, gender, socioeconomic status, sexual orientation or disability
